# INTRODUCTION

## Style meets functionality

Cartini came to be in 2003 as an exclusive collection of quality products with a promise to stay by your side for a lifetime. Cartini offers a bouquet of knives, scissors and kitchen accessories for every use and in all sizes.

As always, Cartini's mother brand, Godrej, has upped the ante in the manufacturing of cutting equipment. We are now back with better, functional, stylish, and good-looking products that have finally made life simple. Key product features such as hollow grinding, serration, and orbital riveting along with superior stainless steel having higher composition of carbon and chromium has literally given our products an edge making them sharp, hygienic, rust-resistant and tough.

The larger scissors can be used for cutting hard objects such as cardboard, flower stems and cloth. The smaller collection of scissors can be used at offices, for light kitchen application, and at salons for cutting hair and nails. These are also available in bright and vibrant colours.

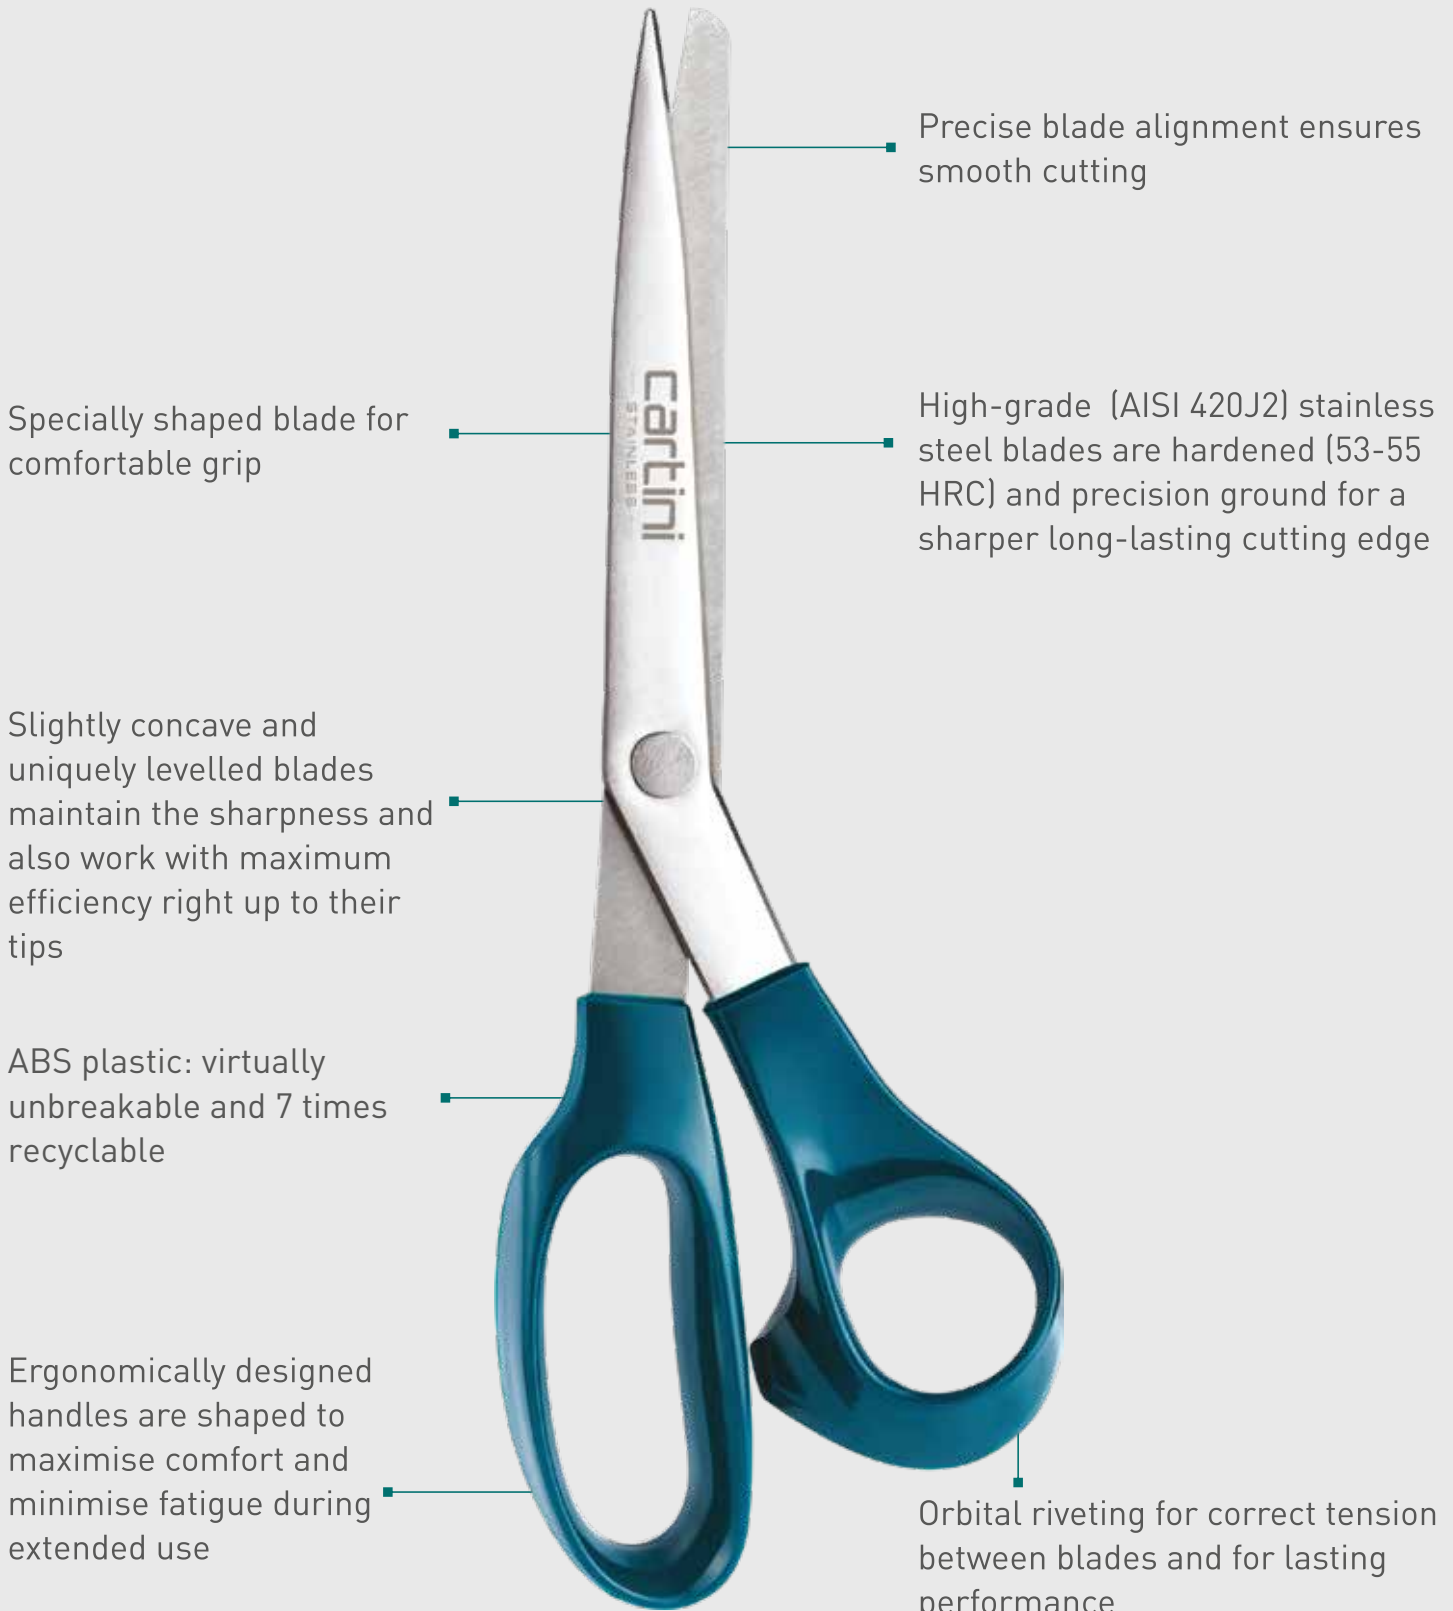

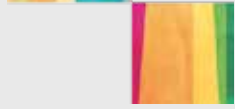

Cartini is synonymous with creation and art. It goes beyond just kitchen and home use. These swanky products make a real difference by helping you to live a rich, creative life.

We hope you enjoy using these solutions as much as Godrej has felt pride in the making of this range!

# Stylish scissors for various applications

Precise blade alignment ensures smooth cutting

Specially shaped blade for comfortable grip

High-grade (AISI 420J2) stainless steel blades are hardened (53-55 HRC) and precision ground for a sharper long-lasting cutting edge

Slightly concave and uniquely levelled blades maintain the sharpness and also work with maximum efficiency right up to their tips

ABS plastic: virtually unbreakable and 7 times recyclable

Ergonomically designed handles are shaped to maximise comfort and minimise fatigue during extended use

Orbital riveting for correct tension between blades and for lasting performance
