

### SAFETY PRECAUTIONS

- When using the refrigerator, always exercise these basic safety precautions to avoid injury and property damage:
- Locate, install and use the refrigerator properly in accordance with the instructions given in this user's guide.
  - Never unplug your refrigerator by pulling on the power cord. Always grip plug firmly and pull straight out from the wall socket after switching off the power supply.
  - Repair/replace the power cord immediately if its frayed or damaged. Do not use a power cord that shows cracks or damage by abrasion, rodents etc.
  - Do not splash water on or in the vicinity of the refrigerator. It could cause an electrical leak or malfunction.
  - Young children should be supervised to ensure that they do not play with the appliance.
  - After your refrigerator is in operation, do not touch the cold surfaces in the ice making compartment, particularly when hands are damp or wet. Skin may adhere to these extremely cold surfaces.
  - Don't refreeze frozen foods which have thawed completely. Eating such refrozen food could harm your health. Even partial thawing and refreezing reduces the quality of foods, particularly fruits, vegetables and prepared food.
  - Unplug your refrigerator before cleaning or making any repairs. We strongly recommend that any servicing be performed by a qualified technician
  - Do not store flammable sprays, vapour or liquids like gasoline, laquer and paint, volatile chemicals like benzene or ether, evaporating liquids like perfumes, nailpolish removers etc inside the refrigerator. It may damage the food and some of these could also cause an explosion, Avoid storing these near the refrigerator as well.
  - Do not use lubricants (lubricating oils, sprays, kerosene, WD-40 etc) on the hinges of the refrigerator doors. Some lubricants chemically react with plastics resulting in damage to doors.
  - Do not tamper with the electrical circuit or the refrigerant circuit of the refrigerator.
  - Do not keep anything above the refrigerator - eg, lighted candles, cloth cover, electric equipment like TV and lamp, etc.
  - Refrigerators contain refrigerants and insulation contains gases, which must be disposed off professionally, to avoid any safety hazards.

#### Protection of Environment:

"Protection of environment" is one of the core values of Godrej and we seek your co-operation to make sure that this product is not disposed as unsorted municipal waste. This symbol is known as the "Crossed-out Wheelie Bin Symbol". It means that the product should not be disposed-off with your general house-hold waste. It should be disposed only through the company's collection centers with special treatment so as to prevent any damage to the environment. Please call: **1800 209 5511** or visit [www.godrej.com/green-think](http://www.godrej.com/green-think) for details about Godrej Appliances authorized collection centers or any applicable buy back arrangement.

\*This product is RoHS compliant\*

### FREQUENTLY ASKED QUESTIONS

- Q. How often should I defrost my refrigerator?  
 Ans. It is good to defrost the refrigerator every 3 days to avoid water spillage and ensure optimal cooling performance. You may need to do it more often depending on your temperature settings. It is a must to do it at-least once a week.
- Q. Is it ok to run my refrigerator on inverter or generator?  
 Ans. You can use a generator if needed depending on its capacity, but inverters are not advisable.
- Q. How often should I clean my refrigerator?  
 Ans. You should clean the refrigerator once a month as per instructions given in this guide.
- Q. Why is there moisture in the vegetable tray?  
 Ans. As water in the vegetables evaporates, the vapours condense against the cold refrigerator tray surfaces resulting in water droplets.

### अक्सर पूछे जाने वाले प्रश्न

- प्र. मुझे अपने रेफ्रिजरेटर को कितनी बार डीफ्रॉस्ट करना चाहिए?  
 उ. पानी छलकने से बचने और कूलिंग का अच्छा प्रदर्शन सुनिश्चित करने के लिए रेफ्रिजरेटर को हर 3 दिन में डीफ्रॉस्ट करना अच्छा होता है। आपकी तापमान की सेटिंग के आधार पर आपको इसकी बारंबारता बढ़ानी पड़ सकती है। कम से कम सप्ताह में एक बार यह करना जरूरी है।
- प्र. क्या मेरे रेफ्रिजरेटर को इनवर्टर या जेनरेटर से चलाना उचित होगा?  
 उ. क्षमता के आधार पर आप जेनरेटर का इस्तेमाल कर सकते हैं, लेकिन इनवर्टर के इस्तेमाल का सुझाव नहीं दिया जाता।
- प्र. मुझे मेरा रेफ्रिजरेटर कितनी बार साफ़ करना चाहिए?  
 उ. आपको इस मार्गदर्शिका में दिए गए निर्देशों के अनुसार रेफ्रिजरेटर को साफ़ करना चाहिए।
- प्र. वेजीटेबल ट्रे में नमी क्यों है?  
 उ. सब्जियों में से पानी वाष्पीकृत होने के कारण रेफ्रिजरेटर के ट्रे की ठंडी सतहों पर भाप जमने लगती है जिससे पानी की बूंदें बनती हैं।

### WARRANTY / वॉरंटी

The Godrej Refrigerator comes with additional warranty\* (refer Terms & Conditions for details) on COMPRESSOR and a ONE year warranty on all other parts (Except bulb, glass and add-on rubber and plastic parts) from the date of purchase, against defective material or workmanship. In case of any such defect found during the first year from date of purchase, Godrej & Boyce Mfg. Co. Ltd. - Appliance Division will undertake repairs to the warranted part free of charge, subject to the terms and conditions below. In the warranty period beyond the first year from date of purchase, only the compressor will be provided free of cost. However, the appliance will be repaired on payment of necessary charges

#### INSTRUCTIONS FOR THE CUSTOMER

1. Kindly ensure that the dealer fills the warranty card correctly and completely.
2. You should retain the warranty card for record and produce the same in the event of any warranty repairs.
3. In the event of a defect developing in the product, contact the nearest authorized company Service Center for obtaining warranty service and provide the defect, model details & serial no.
4. Earthing of the appliance is necessary to ensure safety.
5. Product will function between +/-5% of the rated voltage. For any fluctuation beyond the specified limit, company shall not be responsible, and the warranty stands terminated.
6. Frequency must be between 5% variation of 50 Hz. Beyond this, the company shall not be liable for any unforeseen hazards like fire, shock etc. and in turn, the warranty stands terminated.
7. The product must be maintained to ensure hygiene. If there are any insects, rodents etc. in it, obstructing the functioning of the product, the company shall not be responsible and in turn, the warranty stands terminated.
8. If you are moving house, it is essential that a company service representative inspects the refrigerator at the time of re-installation at the new address. The warranty on the product/optional service contract for the sealed system of the refrigerator continues to be effective only if the product is found to be in working condition. The re-inspection will be done on the payment of necessary charges. We would also recommend that the product be insured against damage in transit.
9. Please follow the guidelines given regarding refrigerator, digital panel and music player usage.
10. House wiring related issues are not covered under warranty and such calls will be chargeable to customer.
